September 19, 2020

Dear Parents and Guardians,

Registration for the Advanced Placement (AP) testing for the 2021 testing year is now open. The process has changed and it is now a two-step process. Please follow the directions below:

1. Step One: Students will need to register and pay through Nathan Hale's website via the link here: [AP Test Registration & Payment](#) New users will create an account on Total Registration and returning users can log into an existing account. Late fees begin on Nov. 9th. The online portal will close on November 12, 2020. The cost per exam is \$98.00 each. (free of charge for students that have a current free/reduced lunch status)
2. Step Two: Students will need to register for each of their 2021 exam(s) on the CollegeBoard website via the link here: [CollegeBoard Site](#) New users will create an account and returning users will log into an existing account and register for the 2021 exam(s) using the join code assigned in the first registration step.

AP test registration is not complete unless both registrations are completed and payment is received.

For all students that qualify for a meal benefit status the AP testing is free of charge. One of the registration questions asks if the student is currently receiving free or reduced lunch. If you feel you may qualify for services and have not applied for the 2020-21 school year, please complete the free/reduced lunch application found here; [Free/Reduced Lunch information](#). If needed, paper applications are available in Nathan Hale's main office.

AP score retrieval and score ordering to specific colleges takes place in July after the testing is complete through the College Board website.

If you have any questions regarding AP test registration, meal benefit status, or AP score results please feel free to contact Karin Houston at houstonk@wawmsd.org or 262-563-2463.

Sincerely

Karin Houston
School Counselor
