

Husky Happenings for the Week of:

Oct. 14, 2019

GENERAL ANNOUNCEMENT:

Red Ribbon Week: focuses on the destructive impact of drug and alcohol abuse. This year due to the rise of vaping, Nathan Hale's Peers with Purpose students will be dedicating this week to educating students about vaping, its health risks and legal consequences.

Did you know that:

- High School students that use nicotine, contained in cigarettes and e-cigarettes, actually harm the parts of the brain that control attention, learning, mood and impulse control.
- The nicotine in one JUUL pack is equivalent to smoking 20 cigarettes.
- Vaping is highly addictive.
- E-cigarettes contain lead and other harmful chemicals found in explosives, embalming fluid, rubber, and paint thinners.
- Short term, vaping can cause throat irritation, bronchitis, and lung damage.
- Legal consequences:
 - Possession of a controlled substance (cartridge) -\$691
 - Possession of drug paraphernalia-\$313
 - Possession and/or use of nicotine products if under age -\$124
 - Smoking on School Grounds-\$187

When you walk through the hallways this week, please look for posters with more information about vaping. In addition, outside the cafeteria, in front of the tennis courts is a special vaping message spelled out in red cups!

ACP - Panorama Survey: All students will be completing the panorama G.R.I.T pre-assessment this week Wednesday & Thursday in Homeroom Advisory. Students are being asked to reflect on yourself. To do this, you'll be asked to fill out a survey that focuses on helping you and your teachers learn more about how they can best support you. This survey will be taken once in fall and once in spring. The survey will ask about your skills in life and in school, which are important for your school and teachers to understand so they can best support you in all aspects of school. These assessments are to focus on helping you as a learner and are not graded. Questions will be asked around the themes of: goals, school performance, behavior, effort, and general feelings all around our Husky Way theme of GRIT - growth mindset, responsibility, involvement, and taking charge.

SBIRT Screening: With our school district's ongoing efforts to bring awareness to the dangers of drug and alcohol use, students will have the opportunity to participate in SBIRT screening (survey) beginning this week Friday, October 18. SBIRT stands for screening, brief intervention, and referral to treatment. This SBIRT screening process has been proven to encourage students who are not currently using drugs or alcohol to keep heading on this positive path, as well as help students who have already begun using drugs and/or alcohol to understand why they are using and to consider reducing or stopping their use. Trained student services staff will be administering the screening tool (short survey) and discuss the results with students.

Please remember winners may park there even if they do not own a parking pass.

PBIS Focus of the Week: Growth Mindset

This week we will continue our work growth mindset and how it can transform us both academically and personally. Last week our PBIS Lesson #4 focused on how we define growth mindset versus fixed mindset and provided us with identifying characteristics. This week we are going to expand our knowledge by participating in Minute to Win It games this Friday that will challenge you to preserve and tap into those growth mindset characteristics.

STUDENT SERVICES:

PSAT: Meeting will be during 2nd hour Homeroom today in the auditorium regarding the test this Wednesday. Passes were delivered to classes 1st hour.
