

Husky Happenings for the Week of:

Oct. 21, 2019

GENERAL ANNOUNCEMENT:

NO SCHOOL THIS COMING FRIDAY OCT 25, 2019-FALL BREAK

Fire Drill & Evacuation- On Wednesday of this week we will be conducting our monthly fire drill per our state policy and procedures. In addition, just as we conduct other safety drills like for tornados, we also need to conduct an evacuation drill to our alternate location once a year as well that being the football stadium to practice where we go if we cannot re-enter the building for an extended period of time. With the busy first month of school, we finally have a break this week to conduct this mandatory drill. Looking at the weather for the week the plan at this point will be to have the **drill Wednesday during Homeroom time added to 3rd hour, so the drill will actually be with your 3rd hour teacher and class.** The plan will be that we will evacuate the building through our normal fire drill process and then as a school, relocate to the stadium sitting in the 5 different sections of the home bleachers by grade level with 12th being down where students sit for football games to freshmen more where the band sits for football and finding your homeroom teacher. Just like in the auditorium, over the next few days your homeroom teachers will tell you what row and section you will be sitting in so you can find them in the stands for attendance. In a real emergency situation we would need to be able to take attendance and account for everyone. Once down sitting in the bleachers and attendance is completed, Mr. Lesar will make a few comments and then we will release back to 3rd hour to continue class. Hope we never need to use this, but it is always good to be prepared.

PTSA needs your help! **Student volunteers** to help with the **Craft Fair on Saturday on Nov. 2, 2019!** Sign up in the office or with a club. Students will receive service hours for volunteering their time. **Come join us and walk the husky way!**

PBIS Focus of the Week: Growth Mindset

For the past couple weeks we have been focusing on the idea of Growth Mindset; what it means and some identifying characteristics. To tie that learning to real world experiences, we had the Advisories compete in different Minute to Win It games. Even though the games were fun, the most important part of this activity was the discussion that was held afterwards. During that discussion we hope that many of you were able to touch on how although you may have struggled with the activity at first by the end you were able to challenge yourself and use those struggles to motivate you to persist through adversities. Which, are the expectations of Growth Mindset as it relates to our NEW Husky Way.

		The Husky Way <i>Huskies have G.R.I.T.</i>			
	Academic Skills	Self-Management Skills	Social Skills	Life Skills	
G rowth Mindset	We believe that learning happens through challenging ourselves	We understand our strengths and use them to overcome our weaknesses	We create trusting relationships by communicating respectfully and treating each other with kindness	We accept our failures and are motivated to persist through adversity	

Husky Buck Challenge: Did you know that being late to class by only 2 minutes every day will result in you missing 7 full class periods a year? Missing 2 minutes from just one class every day equals on average to 10 minutes of instruction per week, which leads to 40 minutes a month, resulting in you missing 350 minutes a year which is the same as 7 full class periods! And remember, that is for only 1 class! Time spent out of class adds up quickly. To help promote better attendance this week will be participating in pop-up attendance challenges. Starting on Tuesday, and going on each day there will be a specific class period or periods that if you are on time you will receive 1 Husky Buck. The class periods will remain a secret! Make sure you are getting to class on time to be eligible for your Husky Bucks. Remember Husky Bucks can be used for many things including the upcoming raffles which are listed below.
